

### Access Control Package

| Model #  | Description  | Cost        | Quantity | Total Cost          |
|--|--|-------------|----------|---------------------|
| F20-10010  | PointGuard Xtreme Server with all Licenses   | \$ 2,949.00 | 1        | \$ 2,949.00         |
| F50-10401  | PGX Access Control Software - MDI's PointGuard X was designed to give users the power and scalability of an IT centric enterprise-class access control solution, without the high costs, configuration time and extensive training commitments. PointGuard X software and hardware is easy to install and use, but does not limit the client to the "skinny" features of traditional small business access control packages. | \$ 199.00   | 1        | \$ 199.00           |
| A20-20301  | Enclosures - 1 to 6 Readers  | \$ 180.00   | 1        | \$ 180.00           |
